HIGH SCHOOL

We are honouring the school's first 100 years by investing in the next 100.

Honouring Our Past. Inspiring Our Future.

For 100 years, St. Paul's High School has formed young men of faith, character, intellect, and purpose. As we mark this historic Centennial, we honour the generations of students, families, alumni, faculty, staff, and friends who have shaped the story of St. Paul's.

This milestone is a moment of gratitude. It is also a moment of purpose. As St. Paul's enters its second century, the school has an opportunity to invest in the programs, tools, experiences, and teaching practices that will prepare students for future academic, social, ethical, and global challenges.

This year's Centennial Gala will help launch the Education Innovation Fund, a new Centennial initiative designed to strengthen teaching and learning and expand the opportunities that prepare students to lead, serve, and respond to the needs of their time.

The Education Innovation Fund

The **Education Innovation Fund** will support innovative educational opportunities, programs, tools, and experiences that strengthen student learning and leadership formation.

Rooted in the school's Catholic, Jesuit mission, the Fund will provide dedicated philanthropic support for programs, tools and experiences that deepen intellectual rigour, foster ethical reflection, encourage creativity, and strengthen leadership and service.

The Fund will help St. Paul's advance meaningful priorities in teaching and learning, including:

- science, computer science, robotics, digital media, and AI literacy
- new course offerings in business, entrepreneurship, and global education
- drama, music and arts programming
- capstone experiences and interdisciplinary projects
- leadership retreats, mentorship, service, and experiential learning
- faculty development in effective and research-based teaching practices
- expanded access to selected opportunities supported by the Fund

“The best learning happens when students are not just absorbing ideas, but testing them, challenging them and building something new.”

~ Jared Cook '00
Department Head, Science

What Your Support Makes Possible

Sponsorship of the Centennial Gala helps turn a historic celebration into a lasting investment in students, teachers and the future of Catholic, Jesuit education.

Through the **Education Innovation Fund**, St. Paul's will be better positioned to support emerging opportunities in teaching, learning, formation, and student experience.

AREAS OF IMPACT

Area	Your Support Helps
Student Learning	Provide meaningful learning experiences that are rigorous, creative, practical, and connected to the needs of the future.
Leadership Formation	Expand opportunities for retreats, mentorship, service, ethical reflection, and purposeful leadership.
Teaching Excellence	Support faculty development in effective and research-based teaching practices.
Access to Opportunity	Help more students participate in selected opportunities supported by the Fund.
Advance Future-Focused Priorities	Prepare students for the opportunities and responsibilities they will face.

A century of excellence gives us the foundation.

*The Education Innovation
Fund helps build what
comes next.*

Sponsorship Opportunities

Centennial Gala sponsors will receive meaningful recognition while helping launch a transformational fund that will strengthen teaching, learning, formation, and student opportunity at St. Paul's High School.

As one of the school's Centennial advancement priorities, the **Education Innovation Fund** gives sponsors and donors a meaningful way to invest directly in the future of Catholic, Jesuit education.

A Community of Impact

Centennial Gala sponsorship connects your organization with a deeply engaged community of alumni, parents, donors, friends and leaders who believe in the mission of St. Paul's High School.

By sponsoring the Centennial Gala, your organization becomes part of a lasting investment in young people, excellent teaching, leadership formation, and the future of Catholic, Jesuit education. Sponsor recognition may include:

- visibility at the Centennial Gala
- recognition in event materials and selected media
- acknowledgment on the St. Paul's High School website
- selected school communications and social media recognition
- alignment with youth, education, leadership and community impact

Join Us in Launching *the Next Century*

The Centennial Gala marks a once-in-a-generation moment for St. Paul's High School.

As we honour 100 years of formation, faith, excellence and community, we invite you to help launch the **Education Innovation Fund** and invest in the future of teaching and learning at St. Paul's.

Your sponsorship will help students access the ideas, tools and formative experiences that shape their future and strengthen their development as young men of competence, conscience, compassion, and commitment.

Together, we can ensure this Centennial is more than a celebration of the past. It can be the beginning of a lasting investment in the students, teachers, programs, and formative experiences that will shape the next century of St. Paul's High School.
